MESSAGE FROM THE GOVERNOR

The following message was received from the Governor.

State of Florida,
Executive Chamber,
Tallahassee, Fla., May 27, 1913.

Hon. H. J. Drane,
President of the Senate,
Sir:

I am enclosing herewith copy of letters received by me today from the Department of Commerce and Labor, and also from the Mayor and President of the Council of Cedar Keys, relative to the establishment of a Marine Biological Station on the Gulf of Mexico, which said communications I respectfully request that you refer to the Committee having under consideration the matter of locating said Biological Station.

Yours very truly,

PARK TRAMMELL,
Governor.

DEPARTMENT OF COMMERCE AND LABOR.
BUREAU OF FISHERIES.

Washington, May 24, 1913.

Dear Sir:

By Act of Congress, approved March 1, 1911, the Secretary of Commerce was empowered to establish a marine biological station on the Gulf of Mexico on a site to be donated by the State of Florida, free of cost, to the Gov-

ernment of the United States. By act of the Legislature of Florida, approved June 3, 1911, certain provision was made for the transfer of land to the United States for the said purpose.

The Bureau is not yet in position to select a site from among those which have been offered, but will probably be able to make the selection some time during the present year, that is, during the period when the Legislature of Florida is not in session. The Solicitor of the Department of Commerce is of the opinion that the Act of the Florida Legislature above cited does not adequately provide for the transfer of the United States of land which may be donated for the station, which, in accordance with the Act of Congress of March 1, 1911, must pass through the State. It is reasonably certain that the site which may be selected will be donated by persons or corporations, and it is suggested that the Legislature be requested, by you, to take such action as will permit some officer, department or commission of Florida to receive title in behalf of the State, and to convey it to the United States during the period when the Legislature is not sitting.

Very truly yours,

H. M. SMITH,
Commissioner.
HON. PARK TRAMMELL,
Governor of Florida,
Tallahassee, Fla.

Cedar Keys, Fla., May 23, 1913.

Hon. Park Trammell, Governor,
Tallahassee, Fla.
Sir:

We understand that the General Government contemplates establishing a Biological Station on the west coast of Florida. We wish to state that the town of Cedar Keys will be glad to offer sufficient land free of charge on which to locate said station. Fish Commissioner Bowers and Dr. Moore went over the site offered, took soundings and sample of water and pronounced it perfect, and announced it the most ideal location that they had seen.

111—S.

Hoping that you will give this letter favorable consideration.

We remain, very truly yours,

W. R. HODGES,
Mayor Town of Cedar Keys.
J. H. COFFEE,
President City Council.

Mr. Hudson moved that the message be spread upon the Journal.

Which was agreed to.

And the communication was referred to the Committee on Public Health.
